

## Cultural Day at LSU

Lankaran State University (LSU) organizes an annual event called Cultural Day, which reflects the traditions and cultures of different nations. International students studying at the university, as well as foreign lecturers, actively participate in the event by presenting their national customs, cuisine, music, and cultural heritage. This event makes an important contribution to promoting multicultural values, celebrating cultural diversity, and strengthening international friendship within the university community.

In addition, every March, Lankaran State University celebrates Novruz, one of the most beloved national holidays of the Azerbaijani people, with great enthusiasm. The university's Main Assembly Hall, decorated in a festive style, becomes a vibrant stage for talented students, as well as traditional Novruz characters such as Kosa, Kechal, and Bahar gizi. Funny performances, cheerful humor, lively songs, and national dances create a joyful atmosphere and bring festive spirit to all participants.
